CHAPTER V
BILLING INSTRUCTIONS

INTRODUCTION

The purpose of this chapter is to explain the documentation procedures for billing the Virginia Medicaid Program.

Two major areas are covered in this chapter:

- **General Information** - This section contains information about the timely filing of claims, claim inquiries, and supply procedures.
- **Billing Procedures** - Instructions are provided on the completion of claim forms, submitting adjustment requests, and additional payment services.

ELECTRONIC SUBMISSION OF CLAIMS

Electronic billing is a fast and effective way to submit Medicaid claims. Claims will be processed faster and more accurately because electronic claims are entered into the claims processing system directly. For more information contact our fiscal agent, Xerox State Healthcare, LLC:

DIRECT DATA ENTRY (DDE)

As part of the 2011 General Assembly Appropriation Act - 300H which requires that all new providers bill claims electronically and receive reimbursement via Electronic Funds Transfer (EFT) no later than October 1, 2011 and existing Medicaid providers to transition to electronic billing and receive reimbursement via EFT no later than July 1, 2012, DMAS has implemented the Direct Data Entry (DDE) system. Providers can submit claims quickly and easily via the Direct Data Entry (DDE) system. DDE will allow providers to submit Professional (CMS-1500), Institutional (UB-04) and Medicare Crossover claims directly to DMAS via the Virginia Medicaid Web Portal. Registration thru the Virginia Medicaid

Web Portal is required to access and use DDE. The DDE User Guide, tutorial and FAQs can be accessed from our web portal at: www.virginiamedicaid.dmas.virginia.gov. To access the DDE system, select the Provider Resources tab and then select Claims Direct Data Entry (DDE). Providers have the ability to create a new initial claim, as well as an adjustment or a void through the DDE process. The status of the claim(s) submitted can be checked the next business day if claims were submitted by 5pm. DDE is provided at no cost to the provider.

TIMELY FILING

The Medical Assistance Program regulations require the prompt submission of all claims. Virginia Medicaid is mandated by federal regulations [42 CFR § 447.45(d)] to require the initial submission of all claims (including accident cases) within 12 months from the date of service. Providers are encouraged to submit billings within 30 days from the last date of service or discharge. Federal financial participation is not available for claims, which **are not** submitted within 12 months from the date of the service. Submission is defined as actual, physical receipt by DMAS. In cases where the actual receipt of a claim by DMAS is undocumented, it is the provider's responsibility to confirm actual receipt of a claim by DMAS within 12 months from the date of the service reflected on a claim. If billing electronically and timely filing must be waived, submit the DMAS-3 form with the appropriate attachments. The DMAS-3 form is to be used by electronic billers for attachments. (See Exhibits) Medicaid is not authorized to make payment on these late claims, except under the following conditions:

Retroactive Eligibility - Medicaid eligibility can begin as early as the first day of the third month prior to the month of application for benefits. All eligibility requirements must be met within that time period. Unpaid bills for that period can be billed to Medicaid the same as for any other service. If the enrollment is not accomplished in a timely way, billing will be handled in the same manner as for delayed eligibility.

Delayed Eligibility - Medicaid may make payment for services billed more than 12 months from the date of service in certain circumstances. Medicaid denials may be overturned or other actions may cause eligibility to be established for a prior period. Medicaid may make payment for dates of service more than 12 months in the past when the claims are for an enrollee whose eligibility has been delayed. It is the provider's obligation to verify the patient's Medicaid eligibility. Providers who have rendered care for a period of delayed eligibility will be notified by a copy of a letter from the local department of social services which specifies the delay has occurred, the Medicaid claim number, and the time span for which eligibility has been granted. The provider must submit a claim on the appropriate Medicaid claim form within 12 months from the date of the notification of the delayed eligibility. A copy of the "signed and dated" letter from the local department of

social services indicating the delayed claim information must be attached to the claim.

Denied claims – Denied claims must be submitted and processed **on or before thirteen months from date of the initial denied claim where the initial claim was filed within the 12 months limit to be** considered for payment by Medicaid. The procedures for resubmission are:

- Complete invoice as explained in this billing chapter.
- **Attach** written documentation to justify/verify the explanation. This documentation may be continuous denials by Medicaid or any dated follow-up correspondence from Medicaid showing that the provider has actively been submitting or contacting Medicaid on getting the claim processed for payment. Actively pursuing claim payment is defined as documentation of contacting DMAS at least every six months. Where the provider has failed to contact DMAS for six months or more, DMAS shall consider the resubmission to be untimely and no further action shall be taken. If billing electronically and waiver of timely filing is being requested, submit the claim with the appropriate attachments. (The DMAS-3 form is to be used by electronic billers for attachments. See exhibits)

Accident Cases - The provider may either bill Medicaid or wait for a settlement from the responsible liable third party in accident cases. However, all claims for services in accident cases must be billed to Medicaid within 12 months from the date of the service. If the provider waits for the settlement before billing Medicaid and the wait extends beyond 12 months from the date of the service, Medicaid shall make no reimbursement.

Other Primary Insurance - The provider should bill other insurance as primary. However, all claims for services **must be billed to Medicaid within 12 months from the date of the service.** If the provider waits for payment before billing Medicaid and the wait extends beyond 12 months from the date of the service, Medicaid shall make no reimbursements. If payment is made from the primary insurance carrier after a payment from Medicaid has been made, an adjustment or void should be filed at that time.

Other Insurance - The member can keep private health insurance and still be covered by Medicaid or FAMIS Plus. The other insurance plan pays first. Having other health insurance does not change the co-payment amount that providers can collect from a Medicaid member. For members with a Medicare supplemental policy, the policy can be suspended with Medicaid coverage for up to 24 months while the member has Medicaid without penalty from their insurance company. The members must notify the insurance company. The member must notify the insurance company within 90 days of the end of Medicaid coverage to reinstate the supplemental insurance.

Submit the claim in the usual manner by mailing the claim to billing address noted in

this chapter.

Use of Rubber Stamps for Physician Documentation

A required physician signature for Medicaid purposes may include signatures, written initials, computer entry, or rubber stamp initialed by the physician. However, these methods do not overcome other requirements that are not for Medicaid billing purposes: For more complete information, see the *Physician Manual* issued by DMAS.

BILLING INVOICES

The requirements for submission of provider billing information and the use of the appropriate claim form or billing invoice are dependent upon the type of service being rendered by the provider and/or the billing transaction being completed. Listed below is the billing invoice to be used:

- Health Insurance Claim Form, CMS-1500 (02-12)

If submitting on paper, the requirement to submit claims on an original CMS-1500 claim form is necessary because the individual signing the form is attesting to the statements made on the reverse side of this form; therefore, these statements become part of the original billing invoice.

Medicaid reimburses providers for the coinsurance and deductible amounts on Medicare claims for Medicaid members who are dually eligible for Medicare and Medicaid. However, the amount paid by Medicaid in combination with the Medicare payment will not exceed the amount Medicaid would pay for the service if it were billed solely to Medicaid.

REQUESTS FOR BILLING MATERIALS

Health Insurance Claim Form CMS-1500 (02-12) and (UB-04)

The CMS-1500 (02-12) and CMS-1450 UB-04 are universally accepted claim forms that are required when billing DMAS for covered services. The form is available from form printers and the U.S. Government Printing Office. Specific details on purchasing these forms can be obtained by writing to the following address:

U.S. Government Print Office
Superintendent of Documents
Washington, DC 20402
(202) 512-1800 (Order and Inquiry Desk)

Note: The CMS-1500 (02-12) will not be provided by DMAS.

The request for forms or Billing Supplies must be submitted by:

Mail Your Request To:
Commonwealth Mailing
1700 Venable St.,
Richmond, VA 23223

Calling the DMAS order desk at Commonwealth Martin 804-780-0076 or, by faxing the DMAS order desk at Commonwealth Martin 804-780-0198.

All orders must include the following information:

- Provider Identification Number
- Company Name and Contact Person
- Street Mailing Address (No Post Office Numbers are accepted)
- Telephone Number and Extension of the Contact Person
- The form number and name of the form
- The quantity needed for each form

Please DO NOT order excessive quantities.

Direct any requests for information or questions concerning the ordering of forms to the address above or call: (804) 780-0076.

REMITTANCE/PAYMENT VOUCHER

DMAS sends a check and remittance voucher with each weekly payment made by the Virginia Medical Assistance Program. The remittance voucher is a record of approved, pended, denied, adjusted, or voided claims and should be kept in a permanent file for five (5) years.

The remittance voucher includes an address location, which contains the provider's name and current mailing address as shown in the DMAS' provider enrollment file. In the event of a change-of-address, the U.S. Postal Service **will not** forward Virginia Medicaid payment checks and vouchers to another address. Therefore, it is recommended that DMAS' Provider Enrollment and Certification Unit be notified in sufficient time prior to a change-of-address in order for the provider files to be updated.

Providers are encouraged to monitor the remittance vouchers for special messages since they serve as notifications of matters of concern, interest and information. For example, such messages may relate to upcoming changes to Virginia Medicaid policies and procedures; may serve as clarification of concerns expressed by the provider community in general; or may alert providers to problems encountered with the automated claims processing and payment system.

ANSI X12N 835 HEALTH CARE CLAIM PAYMENT ADVICE

The Health Insurance Portability and Accountability Act (HIPAA) requires that Medicaid, comply with the electronic data interchange (EDI) standards for health care as established by the Secretary of Health and Human Services. The 835 Claims Payment Advice transaction set is used to communicate the results of claim adjudication. DMAS will make a payment with electronic funds transfer (EFT) or check for a claim that has been submitted by a provider (typically by using an 837 Health Care Claim Transaction Set). The payment detail is electronically posted to the provider's accounts receivable using the 835.

In addition to the 835 the provider will receive an unsolicited 277 Claims Status Response for the notification of pending claims. For technical assistance with certification of the 835 Claim Payment Advice please contact our fiscal agent, Xerox State Healthcare, LLC at (866)-352-0766.

BILLING PROCEDURES

Physicians and other practitioners must use the appropriate claim form or billing invoice

Medicaid enrollees. Each enrollee's services must be billed on a separate form.

The provider should carefully read and adhere to the following instructions so that claims can be processed efficiently. Accuracy, completeness, and clarity are important. Claims cannot be processed if applicable information is not supplied or is illegible. Completed claims should be mailed to:

Department of Medical Assistance Services
Practitioner
P.O. Box 27444
Richmond, Virginia 23261-7444

Or

Department of Medical Assistance Services
CMS Crossover
P. O. Box 27444

For providers that are interested in receiving more information about utilizing any of the above electronic transactions, your office or vendor can obtain the necessary information at our fiscal agent's website: https://www.virginiamedicaid.dmas.virginia.gov.

REIMBURSEMENT FOR INITIAL PRE-ADMISSION SCREENINGS

A $100.00 fee per pre-admission screening will be paid to acute-care hospitals and private psychiatric hospitals. Local Screening Committees (composed of local health departments and local departments of social services) will be paid the federal share of their costs. For the local screening teams, the local health departments will receive an interim fee for each completed and approved screening. (Please reference the DMAS website for rate information at the following link: http://www.dmas.virginia.gov/pr-rate_setting.htm. The final reimbursement will be cost settled.

Reimbursement for local departments of social services will be based on costs allocated through the VDSS cost allocation plan (using a random moment sampling (RMS) process). Reimbursement represents compensation for all services rendered and completion of the forms required to authorize Medicaid payment for nursing facility placement or community-based long-term care waiver services.

Local screening teams will receive the remaining balance of the payments directly from their respective State Agencies.

Provider do not submit claims for initial assessments. DMAS creates and submits the claims for processing on the provider's behalf based on completed data entry of the initial assessment.

Payments for additional screenings (Level II) to determine mental illness, mental retardation/intellectual disability or substance abuse services occur depending upon the service authorization. For nursing facility placements; an interagency transfer of funds will occur quarterly. For home- and community-based-care waiver services, payment will occur at the time the completed pre-admission screening is processed and all other providers associated with the completion of the screening are reimbursed.

Each pre-admission screening package sent to the Department of Medical Assistance Services (DMAS) for reimbursement is reviewed for accuracy, completeness, and adherence to DMAS policies and procedures. An incomplete, illegible, or inaccurate package will not be processed for payment. Reimbursement will be made only for a screening which includes all the required forms that have been correctly completed and submitted to DMAS. The Pre-Admission Screening Missing Information form in Appendix D notes some of the errors that cause reimbursement denials or delays, or both, and return of incomplete or incorrect forms to the Screening Committee. Screening Committees are encouraged to review this form to assure that these errors are not repeated. Pre-admission screening forms must be submitted to DMAS within 30 days of the

assessment date to assure prompt reimbursement. To expedite the reimbursement process for pre-admission screening, submit the pre-admission screening package with the contents in the following order:

DMAS-96;
UAI;
DMAS-95 MI/MR Supplemental form
DMAS-95 MI/MR Level II form (for nursing facility placements) or the DMAS-101B for waiver placements (if applicable);
DMAS-97);

No additional reimbursement will be paid for updating the assessment during the same pre-admission screening process. For example, if an individual is in an acute-care hospital and a nursing facility pre-admission screening is required, the hospital will be reimbursed for only one pre-admission screening per hospital admission. There will be no reimbursement for screenings received by DMAS 12 months or more after the date of the completion of the screening.

Screenings are considered valid for the following time frames:

Zero to Six Months: Screenings are valid and do not require updates;
Month Six to Month Twelve: Screening updates are required; and no additional reimbursement is made by DMAS;
Over 12 Months: A new screening is required and additional reimbursement is made by DMAS.

REIMBURSEMENT FOR ASSISTED LIVING FACILITY (ALF) REASSESSMENTS

There are two types of Medicaid-funded reassessments for residents in ALFs:

1. Short reassessment for residential assisted living;
2. Long reassessment for regular assisted living.

DMAS will reimburse pre-admission screening providers for the completion of the required annual reassessments for assisted living services.

The provider must complete a CMS-1500 (instructions follow within the Chapter) to receive reimbursement for reassessments. Reassessments are the only assessments that require provider submit actual claim forms for processing.

The reimbursement rates are as follows:

1. Short reassessments are paid at $25.00 per assessment;
2. Long reassessments are paid at $75.00 per assessment.

The CPT/HCPCS procedure code (Locator 24D) on the CMS-1500 invoice to bill DMAS

for short reassessments is S0220.

The CPT/HCPCS procedure code (Locator 24D) on the CMS-1500 invoice to bill DMAS for long reassessments is S0220 U1.

REIMBURSEMENT FOR ASSISTED LIVING FACILITY (ALF) TARGETED CASE MANAGEMENT SERVICES

There are two types of Medicaid-funded case management services for Auxiliary Grant residents in ALFs:

1. Twelve-month reassessment only; or
2. Ongoing targeted ALF case management.

Most of the Auxiliary Grant residents of ALFs will only need the required twelve-month reassessment. Ongoing Medicaid-Funded Targeted ALF Case Management is a service provided to those Auxiliary Grant residents who are receiving residential or assisted living services and who:

1. Require coordination of multiple services, or have some problem which must be addressed to ensure the resident's health and welfare, or both; and
2. Are not able and do not have other support available to assist in coordination of and access to services or problem resolution; and
3. Need a level of coordination that is beyond what the ALF can reasonably be expected to provide.

The assessor must authorize and arrange for case management services through a qualified case manager if such services are determined to be needed. It is the responsibility of the ALF to determine whether or not they (ALF) are capable of providing the required coordination of services. Based upon information obtained from staff of the ALF where an individual may be placed, the entity completing the initial and/or 12 month reassessment must determine whether the ALF can meet the care needs and whether ongoing case management is needed. The individual selects a case management agency of his or her choice in the area where he or she will reside.

The CPT/HCPCS procedure code (Locator 24D) on the CMS-1500 invoice to bill DMAS for targeted case management services is T2022. These services may only be billed once per quarter per member.

INSTRUCTIONS FOR USE OF THE CMS-1500 (02-12), BILLING FORM

STARTING 04/01/2014 AND AFTER

The Direct Data Entry (DDE) CMS-1500 claim form on the Virginia Medicaid Web Portal will be updated to accommodate the changes to locators 21 and 24E on 4/1/2014. Please note that providers are encouraged to use DDE for submission of claims that cannot be submitted electronically to DMAS. Registration thru the Virginia Medicaid Web Portal is required to access and use DDE. The DDE User Guide, tutorial and FAQ's can be accessed from our web portal at: www.virginiamedicaid.dmas.virginia.gov. To access the DDE system, select the Provider Resources tab and then select Claims Direct Data Entry (DDE). Providers have the ability to create a new initial claim, as well as an adjustment or a void through the DDE process. The status of the claim(s) submitted can be checked the next business day if claims were submitted by 5pm. DDE is provided at no cost to the provider. Paper claim submissions should only be submitted when requested specifically by DMAS.

To bill for services, the Health Insurance Claim Form, CMS-1500 (02-12), invoice form must be used for paper claims **received on or after April 1, 2014**. The following instructions have numbered items corresponding to fields on the CMS-1500 (02-12). The purpose of the CMS-1500 (02-12) is to provide a form for participating providers to request reimbursement for covered services rendered to Virginia Medicaid members.

SPECIAL NOTE: The provider number in locator 24J must be the same in locator 33 unless the Group/Billing Provider relationship has been established and approved by DMAS for use.

Negative Balance Information

Negative balances occur when one or more of the following situations have occurred:

- Provider submitted adjustment/void request
- DMAS completed adjustment/void
- Audits
- Cost settlements
- Repayment of advance payments made to the provider by DMAS

In the remittance process the amount of the negative balance may be either off set by the total of the approved claims for payment leaving a reduced payment amount or may result in a negative balance to be carried forward. The remittance will show the amount as, "less the negative balance" and it may also show "the negative balance to be carried forward".

The negative balance will appear on subsequent remittances until it is satisfied. An example is if the claims processed during the week resulted in approved allowances of $1000.00 and the provider has a negative balance of $2000.00 a check will not be issued, and the remaining $1000.00 outstanding to DMAS will carry forward to the next remittance.

SPECIAL BILLING INSTRUCTIONS – CLIENT MEDICAL MANAGEMENT PROGRAM

The primary care provider (PCP) and any other provider who is part of the PCP'S CMM Affiliation Group bills for services in the usual manner, but other physicians must follow special billing instructions to receive payment. (Affiliation Groups are explained in Chapter 1 under CMM.) Other physicians must indicate a PCP referral or an emergency unless the service is excluded from the requirement for a referral. Excluded services are listed in Chapter I.

All services should be coordinated with the primary health care provider whose name is provided at the time of verification of eligibility. The CMM PCP referral does not override Medicaid service limitations. All DMAS requirements for reimbursement, such as pre-authorization, still apply as indicated in each provider manual.

When treating a restricted enrollee, a physician covering for the primary care provider or on referral from the primary care provider must place the primary care provider's NPI in locator 17b or the API in Locator 17a with the qualifier '1D'and attach a copy of the Practitioner Referral Form (DMAS-70) to the invoice. The name of the referring PCP must be entered in locator 17.

In a medical emergency situation, if the practitioner rendering treatment is not the primary care physician, he or she must certify that a medical emergency exists for payment to be made. The provider must enter a "Y" in Locator 24C and attach an explanation of the nature of the emergency.

LOCATOR	SPECIAL INSTRUCTIONS
10d	Write "ATTACHMENT" for the Practitioner Referral Form, DMAS-70.
17	Enter the name of the referring primary care provider.
17a red shaded	When a restricted enrollee is treated on referral from the primary physician, enter the qualifier '1D' and the appropriate provider number (current Medicaid or an API) (as indicated on the DMAS-70 referral form) and attach a copy of the Practitioner Referral Form to the invoice. Write "ATTACHMENT" in Locator 10d. **Note:** Please refer to the time line for the appropriate provider number as indicated in main instruction above.
17b open	When a restricted enrollee is treated on referral from the primary physician, enter the NPI number (as indicated on the DMAS-70 referral form) and attach a copy of the Practitioner Referral Form to the invoice. Write "ATTACHMENT" in Locator 10d. **Note:** This locator can only be used for claims received on or after March 26, 2007.
24C	When a restricted enrollee is treated in an emergency situation by a provider other than the primary physician, the non-designated physician enters a "Y" in this Locator and explains the nature of the emergency in an attachment. Write "ATTACHMENT" in Locator 10d.
