Changes in the Emergency Medical Certification process for Eligible Nonresident Aliens

The purpose of this bulletin is to notify all providers participating in the Virginia Medicaid program of system changes affecting the Certification for Emergency Services process that applies to non-resident aliens who are eligible for emergency medical services only.

Effective July 1, 2022, the following aid categories will be assigned within DMAS's Medicaid Enterprise System (MES) applicable to this population.

1. Aid Category 112 Expansion population/MAGI Adults
2. Aid Category 113 Non-MAGI/ABD/Children

For services provided on or after July 1, 2022, medical records and Emergency Medical Certification forms will no longer be required for Emergency Medical Certification. Providers will now submit claims for individuals enrolled with Aid Categories 112 and 113 directly to Conduent, the Department of Medical Assistance Services' fiscal agent.

Billing instructions are available in Chapter 5 of the Medicaid Provider Manuals at:

<https://vamedicaid.dmas.virginia.gov/manuals/provider-manuals-library>

All claims must pass all system edits before payment.

Emergency Medical Certifications are processed in accordance with 12VAC30-50-310.

Some claims will require manual review and medical records will be requested from the provider if required for adjudication.

For more information on eligibility requirements for this group, consult the Virginia Medical Assistance Eligibility Manual Section M0220.000 Citizenship and Alien Requirements available at:

<https://www.dmas.virginia.gov/for-applicants/eligibility-guidance/eligibility-manual/>.
