Implementation of new rates from 2022 State Budget Appropriations

The purpose of this bulletin is to notify providers that DMAS is diligently working on the implementation of new rates set forth in the 2023 Appropriation Act approved by Governor Youngkin June 22, 2022. The new fiscal year 2023 rates will not be posted online before July 1, 2022. Fee-for-Service (FFS) rates and Capitated rates are currently being developed. All FFS rates will be loaded by July 15, 2022. Capitated rates will be loaded by September 1, 2022. DMAS will distribute additional memos to update providers on the status of rate development and loading.

At this time providers have the option to bill immediately under old rates, and later adjust their claims or delay billing until rates are updated. Additionally, Managed Care Organizations (MCOs) are working to update their rate systems, but providers will need to work with their MCO partners to determine billing procedures. Providers will also need to work with DMAS’s Behavioral Health FFS Contractor (Magellan Behavioral Health) to determine billing procedures as well.
