MEDICAID BULLETIN

Last Updated: 07/12/2022

Update on Claims Reprocessing for Temporary Home and Community Based Services (HCBS) Rate Update, Effective July 1, 2021

This bulletin serves to provide follow up information to the bulletin dated December 9, 2021. DMAS secured approval from the Centers for Medicare & Medicaid Services (CMS) to allow an adjustment of previously billed and adjudicated claims with dates of services between July 1, 2021 and October 22, 2021. The Managed Care Organizations (MCO) and Behavioral Health Service Administrator (BHSA) reprocessing cycles will ensure that providers who have not yet adjusted claims will receive the additional reimbursement amounts resulting from the retrospective rate increases enacted by the 2021 Special Session of the General Assembly.

All DMAS contracted MCOs and the BHSA will implement this automated mass claims re-processing option for their providers who have not yet been paid the increased rates for services dating back to July 1, 2021. Due to system limitations, FFS providers (excluding those who bill the BHSA for Behavioral Health and ARTS Services) will need to continue with the claims adjustment process as discussed in the December 9th bulletin.

Retrospective Claims

DMAS MCOs and the BHSA, are working to implement this comprehensive claims reprocessing project within the next two weeks. The MCOs and BHSA should be able to completely reprocess all claims by the end of March 2022.

Consumer Directed Services Payments

DMAS and the MCOs are working to adjust payments for Consumer-Directed (CD) services. Employers of Record (EORs) and attendants will be notified of the timeline from each MCO and the FFS payroll vendor when it is confirmed. Payroll should be adjusted by the end of March 2022.

DD Waiver and other Fee for Service Payments Processed through the Medicaid Management and Information System (MMIS)

Please note that any FFS claims that were adjudicated by the DMAS MMIS will not be reprocessed due to MMIS system limitations as the new Medicaid Enterprise System (MES) is being implemented. FFS providers must submit adjusted claims to receive any retrospective rate increases.
