## Medicaid Home Health Care Services (HHCS) Electronic Visit Verification (EVV) Project Update

The Centers for Medicaid and Medicare Services (CMS) allows states to apply for a one-year Good Faith Extension for the implementation of Electronic Visit Verification (EVV) requirements for Home Health Care Services (HHCS). The Department of Medical Assistance Services (DMAS) has applied for the Good Faith Extension and now is working toward a July, 2023 implementation date for this EVV requirement. DMAS will collaborate with provider representatives and DMAS contracted vendors to develop and implement a technical specification guide to support a transition to these requirements.

If you have any questions, please send your inquiry to [EVV@dmas.virginia.gov](mailto:EVV@dmas.virginia.gov).

## Managed Care Programs

Medallion 4.0, Commonwealth Coordinated Care Plus (CCC Plus), and Program of All-Inclusive Care for the Elderly (PACE). In order to be reimbursed for services provided to a managed care enrolled individual, providers must follow their respective contract with the managed care plan/PACE provider. The managed care plan may utilize different guidelines than those described for Medicaid fee-for-service individuals.
