Virginia Medicaid Preferred Drug List / Common Core Formulary Changes, and New Drug Utilization Review Board Approved Drug Service Authorizations

The purpose of this bulletin is to notify providers about routine changes to Virginia Medicaid fee-for-service Preferred Drug List (PDL) Program (also known as the Common Core Formulary or CCF) for drugs reviewed by the Department's Pharmacy and Therapeutics Committee on September 22, 2022 and new drug service authorization (SA) requirements for drugs reviewed by the Drug Utilization Review Board on June 2, 2022 and September 8, 2022. Changes to the PDL/CCF are effective January 1, 2023.

The PDL/CCF is a list of preferred drugs, by select therapeutic class, for which the Medicaid FFS program may allow payment without requiring a SA. The PDL/CCF program aims to provide clinically effective and safe drugs to its Members in a cost-effective manner. Your continued compliance with and support of this program and its policies are critical to its success.

The PDL/CCF is applicable to the Medicaid, FAMIS Plus fee-for-service populations and non-dual eligible Members covered under the Managed Care Program. The Virginia Medicaid PDL/CCF does not apply to Members enrolled in FAMIS or Members with Medicare Part D Plans.

Virginia's PDL/CCF and updates to it can be found at https://www.virginiamedicaidpharmacyservices.com/provider/preferred-drug-list. In addition, a copy of the PDL/CCF can be obtained by contacting the Magellan Clinical Call Center at 1-800-932-6648.

Provider Manual updates will be posted detailing PDL/CCF changes effective January 1, 2023. See appendix D in the pharmacy provider manual at https://vamedicaid.dmas.virginia.gov/manuals/pharmacy. Comments and questions regarding this program can be emailed to pdlinput@dmas.virginia.gov.
