Department of Behavioral Health and Developmental Services (DBHDS) Crisis Services Regulatory Updates and Related Provider Enrollment Requirements for Comprehensive Crisis and Transition Services

The purpose of this bulletin is to alert providers to Department of Behavioral Health and Developmental Services (DBHDS) regulatory updates that affect licensed crisis providers. The Mental Health Services Manual requires that all DBHDS licensed providers of Medicaid services adhere to DBHDS licensing rules as they relate to service provision. Details on this regulatory update are available on the Virginia Regulatory Town Hall at <https://townhall.virginia.gov/L/viewaction.cfm?actionid=6475>. These regulations were effective July 17, 2024. Providers have up to ninety days from July 17, 2024 to fully comply with the regulations. Additional details are available on the DBHDS Office of Licensing webpage at <https://dbhds.virginia.gov/clinical-and-quality-management/office-of-licensing/>.

DMAS will be updating the Mental Health Services Manual to align with these regulatory changes.

23-Hour Crisis Stabilization

Effective July 17, 2024, DBHDS is requiring that providers of 23-Hour Crisis Stabilization (S9485) services (also referred to as Crisis Receiving Centers) obtain one of the following licenses:

- MH Center-Based Crisis Receiving Center for Adults (02-040) and/or
- MH Center-Based Crisis Receiving Center Children and Adolescents (02-041)

Current providers of 23-Hour Crisis Stabilization services have 90 days from July 17, 2024 to obtain the appropriate DBHDS license for the service they are providing and must complete the DMAS enrollment process with the new license by October 17, 2024.

Providers of 23-Hour Crisis Stabilization are required to do all of the following actions by October 17, 2024:

1. Obtain new DBHDS license (02-040 and/or 02-041)

2. Enroll in the Virginia Department of Medical Assistance Services Online Provider Enrollment System ([DMAS Provider Enrollment](#)) as a 23-Hour Crisis Stabilization provider with the following:
 - a. Provider Type: 156 or 456

 - b. Provider Specialty: 921

 - c. Submit with application newly obtained DBHDS license (02-040, 02-041 or both).

3. Providers currently enrolled with the above provider type(s) and specialty for 23-Hour Crisis Stabilization must update their enrollment with the new DBHDS license (02-040 and/or 02-041)

Providers that do not meet the October 17, 2024 deadline of enrolling as a 23-Hour Crisis Stabilization provider with the new DBHDS license and above provider type(s) and specialty, will not be eligible to provide the service or be reimbursed by DMAS or its contractors until enrollment is complete and approved. DMAS MCOs may have additional steps that providers must complete before a provider is eligible for reimbursement. Please contact the MCO directly to determine whether additional requirements apply.

Mobile Crisis Response, Residential Crisis Stabilization Unit (RCSU) and Community Stabilization

Providers of Mobile Crisis Response (H2011), RCSU (H2018) and Community Stabilization (S9482) services must also ensure that they are properly enrolled with the correct provider types and provider specialty by October 17, 2024. Providers can verify their enrollments through the DMAS Online Provider Enrollment System ([DMAS Provider Enrollment](#)). See the chart below for information on the required license, provider type and provider specialty for each service. In addition, providers of Mobile Crisis Response (H2011) and Community Stabilization (S9482) must submit all Memorandum of Understanding(s) (MOU) or contract(s) with the regional crisis hubs for the 7/1/2024 term. MOUs and contracts must continue to be submitted through the DMAS Online Provider Enrollment System at a minimum of annually or when updated, whichever comes first.
