MEDICAID BULLETIN

Last Updated: 06/09/2025

DMAS-80 Form Revision

The purpose of this bulletin is to notify providers that the Nursing Facility Admission, Discharge, & Level of Care Change Form (DMAS-80) has been updated. The updates include word choice changes, clarified instructions and more user-friendly prompts, such as a "Facility Contact" section. The updates also include clarification on when to send the DMAS-80 to DMAS and to the MCOs. Please note that the DMAS-80 should only be sent to DMAS when the portal entry cannot be made by the NF for a Fee-For-Service member. A screenshot of the error code must be submitted with this form for DMAS to make the entry.

To avoid disruption to claims payment through FFS and the MCOs providers must periodically check the DMAS provider portal, also known as the Provider Services Solution (PRSS), to ensure that the provider's enrollment, contact information, and license information is up to date, for all of the provider's respective service locations. Under federal rules, MCOs and DMAS are prohibited from paying claims to network providers who are not enrolled in PRSS. Additional information is provided on the MCO Provider Network Resources webpage and includes links to resources, tutorials and contact information to reach Gainwell with any provider enrollment or revalidation related questions. Dental providers should continue to enroll directly through the DMAS Dental Benefits Administrator, DentaQuest.

The updated DMAS-80 form may be **downloaded from this page**.
