## Updated Risk Screening Requirements for Skilled Nursing Facility and Hospice Providers Effective December 1, 2025

The purpose of this bulletin is to address changes to the risk-based screening and enrollment requirements for Skilled Nursing Facility (SNF) and Hospice providers enrolled with the Department of Medical Assistance Services (DMAS).

In accordance with Section 6401(a) of the Affordable Care Act (ACA), the Centers for Medicare and Medicaid Services (CMS) requires all state Medicaid agencies to screen and enroll and periodically revalidate providers in accordance with standards explained in the Code of Federal Regulations (CFR), at 42 CFR § 455 Subpart E.

### **Updated Screening Activities by Risk Level**

All providers are screened in accordance with **federally mandated requirements** prior to the approval or renewal of their participation in **Virginia Medicaid** by **DMAS**. In addition to initial risk-based screening, DMAS performs **monthly screening** of all participating providers, as well as a **comprehensive screening at the time of revalidation**.

The screening measures required vary by **categorical risk level**, as defined by federal guidelines—**limited, moderate, or high**.

As part of recent federal updates, **CMS has revised risk-based screening and enrollment requirements**, stipulating that **Skilled Nursing Facility (SNF)** and **Hospice** providers must undergo:

- **High-risk screening** for initial enrollment, re-enrollment, and changes in ownership
- **Moderate-risk screening** for revalidations

A summary of these changes is included in the table below. All providers are required to revalidate **at least every five years**.

Effective **December 1, 2025**, **DMAS will implement these mandatory updates** to align with CMS directives.

### **Screening Activities by Risk Level**

<b>Limited Risk</b>	<b>Moderate Risk</b>	<b>High Risk</b>
---------------------	----------------------	------------------

- Verification that a provider or supplier meets any applicable Federal regulations, or State requirements for the provider or supplier type prior to making an enrollment determination.
- Verification that a provider or supplier meets applicable licensure requirements; and
- Federal and State database checks on a pre- and post-enrollment basis to ensure that providers and suppliers continue to meet the enrollment criteria for their provider/supplier type and that they are not excluded from providing services in federally funded programs.
- Unannounced pre-and/or post-enrollment site visits to confirm accuracy of information submitted in the provider's application.
- Criminal background check(s) and submission of fingerprints of the provider, including person with a 5% or more ownership interest.

**Note:** Although Skilled Nursing Facilities (SNFs) will be classified as "High Risk" effective **December 1, 2025**, and subject to associated screening requirements, the Medicare revalidation application deadline for all SNFs has been extended from **August 1, 2025**, to **January 1, 2026**.

DMAS strongly encourages **Skilled Nursing Facility (SNF)** and **Hospice providers** to ensure their **Medicare enrollment records** are current. When a provider's Medicare enrollment information is **accurate and aligned** with the details in their **PRSS Medicaid enrollment application**, DMAS may rely on the **site visits and screening activities previously conducted by Medicare**.

Additional information regarding **screening and enrollment** can be found on the [DMAS Medicaid Enterprise System \(MES\) provider webpage](#).

For direct assistance, please contact **DMAS's provider enrollment vendor, Gainwell** via email at [virginiaproviderenrollment@gainwelltechnologies.com](mailto:virginiaproviderenrollment@gainwelltechnologies.com) **1-888-829-5373**.

**To avoid disruption to claims payment through FFS and the MCOs** providers must periodically check the DMAS provider portal, also known as the Provider Services Solution (PRSS), to ensure that the provider's enrollment, contact information, and license information is up to date, for all of the provider's respective service locations. Under federal rules, MCOs and DMAS are prohibited from paying claims to network providers who are not enrolled in PRSS. Additional information is provided on the [MCO Provider Network Resources webpage](#) and includes links to resources, tutorials and contact information to reach Gainwell with any provider enrollment or revalidation related questions. Dental providers should continue to enroll directly through the DMAS Dental Benefits Administrator, DentaQuest.

## **PROVIDER CONTACT INFORMATION & RESOURCES**

**Virginia Medicaid  
Web Portal  
Automated Response  
System (ARS)**

Member eligibility, claims status, payment status, service limits, service authorization status, and remittance advice.

<https://vamedicaid.dmas.virginia.gov/>

**Medicall (Audio  
Response System)**

Member eligibility, claims status, payment status, service limits, service authorization status, and remittance advice.

1-800-884-9730 or 1-800-772-9996

**Provider Appeals**

DMAS launched an appeals portal in 2021. You can use this portal to file appeals and track the status of your appeals. Visit the website listed for appeal resources and to register for the portal.
