Direct Access to Atrezzo Next Generation (ANG/Atrezzo) Ending Effective 7/31/2026

The purpose of this bulletin is to notify providers who submit fee for service (FFS) service authorization requests to Acentra Health that access to Atrezzo Next Generation (ANG), Acentra's service authorization request portal, will terminate effective July 31, 2026.

Effective August 1, 2026 all providers must use the [DMAS Identity, Credentials and Access Management](#) to log into Atrezzo Next Generation to submit FFS service authorization requests. Providers who have the AIMS access tile will log into the Medicaid Enterprise System (MES) and ANG in the same way they do for the DMAS Appeals Information Management System (AIMS). The tile for ANG will look like this:

Click on the hyperlink within the tile, and ANG will enable. If you do not have the tile, or have issues logging into the new tile, contact MES-Assist@dmas.virginia.gov for resolution.

To avoid disruption to claims payment through FFS and the MCOs providers must periodically check the DMAS provider portal, also known as the Provider Services Solution (PRSS), to ensure that the provider's enrollment, contact information, and license information is up to date, for all of the provider's respective service locations. Under federal rules, MCOs and DMAS are prohibited from paying claims to network providers who are not enrolled in PRSS. Additional information is provided on the [MCO Provider Network Resources webpage](#) and includes links to resources, tutorials and contact information to reach Gainwell with any provider enrollment or revalidation related questions. Dental providers should continue to enroll directly through the DMAS Dental Benefits Administrator, DentaQuest.

Managed Care Programs

Cardinal Care Managed Care and Program of All-Inclusive Care for the Elderly (PACE). In order to be reimbursed for services provided to a managed care enrolled individual, providers must follow their respective contract with the managed care plan/PACE provider. The managed care plan may utilize different guidelines than those described for Medicaid fee-for-service individuals.
