Provider Participation Requirements (Renal Dialysis)

Updated: 1/19/2022

Managed Care Enrolled Members

Most individuals enrolled in the Medicaid program for Medicaid and FAMIS have their services furnished through DMAS contracted Managed Care Organizations (MCOs) and their network of providers. All providers must check eligibility (Refer to Chapter 3) prior to rendering services to confirm which MCO the individual is enrolled. The MCO may require a referral or prior authorization for the member to receive services. All providers are responsible for adhering to this manual, their provider contract with the MCOs, and state and federal regulations.

Even if the individual is enrolled with an MCO, some of the services may continue to be covered by Medicaid Fee-for-Service. Providers must follow the Fee-for-Service rules in these instances where services are “carved out.” The carved-out services vary by managed care program. For example, where one program (Medallion 3.0) carves out Early Intervention, the CCC Plus program has this service as the responsibility of the MCO. Refer to each program’s website for detailed information and the latest updates.

There are several different managed care programs (Medallion 3.0, Commonwealth Coordinated Care (CCC), Commonwealth Coordinated Care Plus (CCC Plus), and Program of All-Inclusive Care for the Elderly (PACE) for Medicaid individuals. DMAS has different MCOs participating in these programs. For providers to participate with one of the DMAS-contracted managed care organizations/programs, they must be credentialed by the MCO and contracted in the MCO’s network. The credentialing process can take approximately three (3) months to complete. Go to the websites below to find which MCOs participate in each managed care program in your area:

Ø Medallion 3.0:

http://www.dmas.virginia.gov/Content_pgs/mc-home.aspx

Ø Commonwealth Coordinated Care (CCC):

http://www.dmas.virginia.gov/Content_pgs/mmfa-isp.aspx

Ø Commonwealth Coordinated Care Plus (CCC Plus):

http://www.dmas.virginia.gov/Content_pgs/mltss-proinfo.aspx

Ø Program of All-Inclusive Care for the Elderly (PACE):

http://www.dmas.virginia.gov/Content_atchs/ltc/WEB%20PAGE%20FOR%20PACE%20Sites%20in%20VA.pdf

At this time, individuals enrolled in the three HCBS waivers that specifically serve individuals with intellectual and developmental disabilities (DD) (the Building Independence (BI) Waiver, the Community Living (CL) Waiver, and the Family and Individual Supports (FIS) Waiver) will be enrolled in CCC Plus for their non-waiver services only; the individual’s DD waiver services will continue to be covered through the Medicaid fee-for-service program.

DMAS offers a web-based Internet option to access information regarding Medicaid or FAMIS member

eligibility, MCO enrollment, claims status, payment status, service limits, service authorizations, and electronic copies of remittance advices. Providers must register through the Virginia Medicaid Web Portal in order to access this information. The Virginia Medicaid Web Portal can be accessed by going to: www.viriniamedicaid.dmas.virginia.gov. If you have any questions regarding the Virginia Medicaid Web Portal, please contact the Conduent Government Healthcare Solutions Support Help desk toll free, at 1-866-352-0496 from 8:00 a.m. to 5:00 p.m. Monday through Friday, except holidays. The MediCall audio response system provides similar information and can be accessed by calling 1-800-884-9730 or 1-800-772-9996. Both options are available at no cost to the provider.

Participating Provider

A participating provider is a person who has a current, signed participation agreement with the Department of Medical Assistance Services.

Provider Enrollment

Any provider of services must be enrolled in the Medicaid Program prior to billing for any services provided to Medicaid members. A copy of the provider agreement can be found on the DMAS website at www.viriniamedicaid.dmas.virginia.gov. The agreement is time-limited and applies to a specific time period. All participants are required to complete new agreement forms when a name change or change of ownership occurs.

Upon receipt of the above information, the ten-digit National Provider Identifier (NPI) number that was provided with the enrollment application is assigned to each approved provider. This number must be used on all claims and correspondence submitted to Medicaid.

DMAS is informing the provider community that NPIs may be disclosed to other Healthcare Entities pursuant to CMS guidance. The NPI Final Rule requires covered healthcare providers to disclose their NPIs to any entities that request the NPIs for use of the NPIs in HIPAA standard transactions. DMAS may share your NPI with other healthcare entities for the purpose of conducting healthcare transactions, including but not limited to Referring Provider NPIs and Prescribing Provider NPIs

This manual contains instructions for billing and specific details concerning the Medicaid Program. Providers must comply with all sections of this manual to maintain continuous participation in the Medicaid Program.

Requests for Enrollment

All providers who wish to participate with Virginia Medicaid are being directed to complete their request via the online enrollment through our Virginia Medicaid web-portal. If a provider is unable to enroll electronically through the web, they can download a paper application from the Virginia Medicaid web-portal and follow the instructions for submission. Please go to www.viriniamedicaid.dmas.virginia.gov to access the online enrollment system or to download a paper application.

DMAS strongly encourages providers to enroll or make updates electronically via our web portal. An application for participation submitted on paper will add additional time to the processing of your enrollment and to your request to update your provider file.

Please note: If you are planning to enroll via the paper enrollment process, DMAS will only accept the provider enrollment applications that have the provider screening questions listed. Previous versions of the provider enrollment applications that do not have the provider screening regulation questions will not be accepted and will be rejected with a request to submit the version that is currently posted on the Virginia Medicaid Web Portal at www.viriniamedicaid.dmas.virginia.gov.

If you have any questions regarding the online or paper enrollment process, please contact the Provider Enrollment Services at toll free 1-888-829-5373 or local 1-804-270-5105.

Provider Screening Requirements

All providers must undergo a federally mandated comprehensive screening as part of their enrollment process. An abbreviated screening is also performed on a monthly basis for any provider who participates with the Virginia Medicaid Program. The full screening is conducted at the time of revalidation, and providers are required to revalidate at least every 5 years.

The requirement for screening is in response to directives in the standards established by Section 6401(a) of the Affordable Care Act in which CMS requires all state Medicaid Program agencies to implement the provider enrollment and screening provisions of the Affordable Care Act (42 CFR 455 Subpart E). These regulations were published in the Federal Register, Vol. 76, February 2, 2011, and were effective March 25, 2011. The required screening measures vary based on a federally mandated categorical risk level. Providers' categorical risk levels are defined as "limited", "moderate" or "high".

Limited Risk Screening Requirements

The following screening requirements apply to limited risk providers: (1) Verification that a provider or supplier meets any applicable Federal regulations, or State requirements for the provider or supplier type; (2) Verification that a provider or supplier meets applicable licensure requirements; and (3) Verification that a provider or supplier has not been excluded from providing services in federally funded programs. The verification process includes a review of applicable federal and state databases checks and is completed on a pre- and post-enrollment basis to ensure that providers and suppliers continue to meet the enrollment criteria for their provider/supplier type.

Moderate Risk Screening Requirements

The following screening requirements will apply to moderate risk providers: Unannounced pre-and/or post-enrollment site visits in addition to those screening requirements applicable to the limited risk provider category listed above. The screening requirements listed in this section are to be performed at the time of initial enrollment and at the time of revalidation, which is at least every 5 years.

High Risk Screening Requirements

In addition to those screening requirements applicable to the limited and moderate risk provider categories listed above, providers in the high risk category may be required to undergo criminal background check(s) and submission of fingerprints. These requirements apply to owners, authorized

or delegated officials or managing employees of any provider or supplier assigned to the “high” level of screening.

Application Fees

Institutional providers may be required to pay a federally-required fee at the time of application for enrollment, re-enrollment or reactivation. This includes when adding new locations. If a provider is required to pay an application fee, it will be outlined in the provider enrollment application and/or revalidation notice. Please refer to the table at the end of this chapter for more information on provider types that may be charged an application fee.

CMS determines the application fee each year. This fee is not required to be paid to DMAS if the provider has already paid the fee to another state Medicaid program or Medicare, or has been granted a hardship approval by Medicare.

Providers may submit a hardship exception request for CMS approval with their enrollment application. If CMS does not approve the hardship request, then providers have 30 calendar days from the date of the CMS notification to pay the application fee or the application for enrollment will be rejected.

An appeal of a hardship exception determination must be made to CMS pursuant to 42 CFR 424.514.

Out-of-State Provider Enrollment Requests

Providers with a primary servicing address located outside of the Virginia border and, due to their provider risk-level, require a site visit, must have a site visit conducted by either their state’s Medicaid program or by CMS prior to enrollment in DMAS. If the application is received by DMAS prior to the completion of the site visit, as required in the screening provisions of the Affordable Care Act (42 CFR 455 Subpart E), the application will be pended for proof this information.

Revalidation Requirements

All providers will be required to revalidate at least every 5 years. The revalidation of all existing providers will take place on an incremental basis and will be completed via our web portal.

Registration into the Virginia Medicaid Web Portal will be required to access and use the online enrollment and revalidation system.

All enrolled providers in the Virginia Medicaid program will be notified in writing of a revalidation date and informed of the new provider screening requirements in the revalidation notice. If a provider is currently enrolled as a Medicare provider, DMAS may rely on the enrollment and screening facilitated by CMS to satisfy our provider screening requirements.

Ordering, Referring, and Prescribing (ORP) Providers

Code of Federal Regulations 42 CFR 455:410(b) states that State Medicaid agencies must require all ordering or referring physicians or other professionals providing services under the State plan or under a waiver of the plan to be enrolled as participating providers.

The ACA requires ordering, referring, and prescribing providers to enroll only to meet new ACA program integrity requirements designed to ensure all orders, prescriptions or referrals for items or services for Medicaid beneficiaries originate from appropriately licensed practitioners who have not been excluded from Medicare or Medicaid. The only exception to this requirement is if a physician is ordering or referring services for a Medicaid beneficiary in a risk-based managed care plan, the provider enrollment requirements are not applicable to that ordering or referring physician.

If a provider does not participate with Virginia Medicaid currently but may order, refer or prescribe to Medicaid members they must now be enrolled to ensure claims will be paid to the servicing provider who is billing for the service.

As a servicing provider, it is essential to include the National Provider Identifier (NPI) of any ORP on all claims to ensure the timely adjudication of claims.

Please go to Chapter V of this provider manual to review the new billing procedures related to the implementation of these new screening requirements.

Participation Requirements

Providers approved for participation in the Virginia Medicaid Program must perform the following activities, as well as any other activities specified by DMAS:

- Immediately notify Provider Enrollment Services in writing of any change in the information that the provider previously submitted to DMAS.
- Ensure freedom of choice to individuals who are eligible for medical assistance under the Virginia Medicaid Program (eligible individuals) in seeking medical care from any institution, pharmacy, or practitioner qualified to perform the required service(s) and participating in the Virginia Medicaid Program at the time the service was performed.
- Ensure the eligible individual's freedom to reject medical care and treatment.
- Comply with Title VI of the Civil Rights Act of 1964, as amended (42 U.S.C. §§ 2000d through 2000d-4a), which requires that no person be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving federal financial assistance on the ground of race, color, or national origin.
- Provide services, goods, and supplies to eligible individuals in full compliance with the requirements of the Rehabilitation Act of 1973, as amended (29 U.S.C. § 794), which states that no otherwise qualified individual with a disability shall, solely by reason of her or his disability, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving federal financial assistance. The Rehabilitation Act requires reasonable accommodations for certain persons with disabilities.
- Provide services and supplies to eligible individuals in the same mode of delivery and of the same quality and as provided to the general public.
- Charge DMAS for the provision of services and supplies to eligible individuals in amounts not to exceed the provider's usual and customary charges to the general public.
- Accept as payment in full the amount established by DMAS to be reasonable cost or maximum allowable charge. 42 CFR § 447.15 provides that a "State Plan must provide that the Medicaid agency must limit participation in the Medicaid Program to providers

who accept, as payment in full, the amount paid by the agency." A provider may not bill an eligible individual for a covered service regardless of whether the provider received payment from the state. The provider may not seek to collect from an eligible individual, or any financially responsible relative or representative of that individual, any amount that exceeds the established Medicaid allowance for the service rendered. A provider may not charge DMAS or an eligible individual for missed or broken appointments.

- Accept assignment of Medicare benefits for eligible individuals.
- Use DMAS-designated billing forms for submission of charges.
- Maintain and retain business and professional records sufficient to document fully and accurately the nature, scope, and details of the health care provided. In general, such records must be retained for a period of not less than six years from the date of service or as provided by applicable state laws, whichever period is longer. However, if an audit is initiated within the required retention period, the records must be retained until the audit is completed and every exception resolved. (Refer to the section titled "Documentation of Records," page 4.)
- Furnish to authorized state and federal personnel, in the form and manner requested, access to records and facilities.
- Disclose, as requested by DMAS, all financial, beneficial, ownership, equity, surety, or other interests in any and all firms, corporations, partnerships, associations, business enterprises, joint ventures, agencies, institutions, or other legal entities providing any form of health care services to eligible individuals.
- Hold confidential and use for authorized DMAS purposes only all medical assistance information regarding eligible individuals. A provider shall disclose information in his or her possession only when the information is used in conjunction with a claim for health benefits or the data are necessary for the functioning of DMAS. DMAS shall not disclose medical information to the public.

Provider Responsibilities to Identify Excluded Individuals and Entities

In order to comply with Federal Regulations and Virginia Medicaid policy, providers are required to ensure that Medicaid is not paying for any items or services furnished, ordered, or prescribed by excluded individuals or entities.

Medicaid payments cannot be made for items or services furnished, ordered, or prescribed by an excluded physician or other authorized person when the individual or entity furnishing the services either knew or should have known about the exclusion. This provision applies even when the Medicaid payment itself is made to another provider, practitioner, or supplier that is not excluded, yet affiliated with an excluded provider. A provider who employs or contracts with an excluded individual or entity for the provision of items or services reimbursable by Medicaid may be subject to overpayment liability as well as civil monetary penalties.

All providers are required to take the following three steps to ensure Federal and State program integrity:

1. Screen all new and existing employees and contractors to determine whether any of them have been excluded.
2. Search the HHS-OIG List of Excluded Individuals and Entities (LEIE) website monthly by name for employees, contractors and/or entities to validate their eligibility for Federal programs. See below for information on how to search the LEIE database.
3. Immediately report to DMAS any exclusion information discovered. Such information should be sent in writing and should include the individual or business name, provider identification number (if applicable), and what, if any, action has been taken to date. The information should be sent to:

DMAS

Attn: Program Integrity/Exclusions

600 E. Broad St, Ste 1300

Richmond, VA 23219

-or-

E-mailed to: providerexclusions@dmass.virginia.gov

Participation Conditions (RD)

All providers enrolled in the Virginia Medicaid Program must adhere to the conditions of participation outlined in their individual provider agreements. A freestanding renal dialysis center is eligible for participation in the Department of Medical Assistance Services program if the clinic is Medicare certified by the Virginia Department of Health, Division of Licensure and Certification, as meeting the conditions for participation under Title XVIII of Public Law 89-97.

A sample copy of the clinic participation agreement is provided on the DMAS website as apart of the provider enrollment application.

Certification and Recertification

The Virginia Medicaid Program is dependent upon the participation and cooperation of physicians who provide or order health care services. The physician is responsible for certifying that the service is medically necessary and that the treatment prescribed is in accordance with excellence in medical practice and economic considerations.

Physicians, General

Medicaid recognizes the physician as the key figure in determining utilization of health services. The physician decides upon admission to a hospital; orders tests, drugs, and treatments; and determines the length of stay. The Program calls for substantiation of certain physician decisions as an element of proper administration and fiscal control. Payment for certain covered services may be made to a provider of services only if there is a physician's certification concerning the necessity of the services furnished, and, in certain instances, only if there is a physician's recertification to the continued need for the covered services.

Requirements of the Section 504 of the Rehabilitation Act

Section 504 of the Rehabilitation Act of 1973, as amended (29 U. S. C. §794), provides that no disabled individual shall, solely by reason of the disability, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving federal assistance. As a condition of participation, all Medicaid providers are responsible for making provision for disabled individuals in their program activities.

As an agent of the federal government in the distribution of funds, DMAS is responsible for monitoring the compliance of individual providers. In the event a discrimination complaint is lodged, DMAS is required to provide the Office of Civil Rights (OCR) with any evidence regarding compliance with these requirements.

Utilization of Insurance Benefits (RD)

The Virginia Medicaid Program is a "last pay" program. Benefits available under Medicaid shall be reduced to the extent that they are available through other federal, State, or local programs; coverage provided under federal or State law; other insurance; or third-party liability.

Health, hospital, workers' compensation, or accident insurance benefits shall be used to the fullest extent in meeting the medical needs of the covered person. Supplementation of available benefits shall be as follows:

- **Title XVIII (Medicare)** - Virginia Medicaid will pay the amount of any deductible or coinsurance for covered health care benefits under Title XVIII of the Social Security Act for all eligible persons covered by Medicare and Medicaid.
- **Workers' Compensation** - No Medicaid Program payments shall be made for a patient covered by workers' compensation.
- **Other Health Insurance** - When a recipient has other health insurance (such as CHAMPUS, Blue Cross-Blue Shield, or Medicare), Medicaid requires that these benefits be used first. Supplementation shall be made by the Medicaid Program when necessary, but the combined total payment from all insurance shall not exceed the amount payable under Medicaid had there been no other insurance.
- **Liability Insurance for Accidental Injuries** - The Virginia Medicaid Program will seek repayment from any settlements or judgments in favor of Medicaid recipients who receive medical care as the result of the negligence of another. If a recipient is treated as the result of an accident and the Virginia Medicaid Program is billed for this treatment, Medicaid should be notified promptly so action can be initiated by Medicaid to establish a lien as set forth in the Code of Virginia, Section 8.01-66.9. In liability cases, providers may choose to bill the third-party carrier or file a lien in lieu of billing Medicaid.

In the case of an accident in which there is a possibility of third-party liability or if the recipient reports a third-party responsibility (other than those cited on his Medical Assistance Identification Card), and whether or not Medicaid is billed by the provider for rendered services related to the accident, the physician is requested to forward the DMAS- 1000 to the attention of the Third-Party Liability Casualty Unit, Department of Medical Assistance Services, 600 East Broad Street, Richmond, Virginia 23219. A copy of this form is provided on the DMAS website as a part of the provider enrollment application.

Documentation of Records (RD)

The provider agreement requires that the medical records fully disclose the extent of services provided to Medicaid recipients. The following elements are required:

- The record must identify the patient on each page.
- Entries must be signed and dated by the responsible licensed participating provider. Care rendered by personnel under the supervision of the provider, which is in accordance with Medicaid policy, must be countersigned by the responsible licensed participating provider.
- The record must contain a preliminary working diagnosis and the elements of a history and physical examination upon which the diagnosis is based.
- All services, as well as the treatment plan, must be entered in the record. Any drugs prescribed as part of a treatment, including the quantities and the dosage, must be entered in the record.
- The record must indicate the progress at each visit, any change in diagnosis or treatment, and the response to treatment. Progress notes must be written for every clinic visit billed to Medicaid.
- All laboratory tests billed to Virginia Medicaid must have documented results. Those laboratory tests listed as quantitative tests by the CPT must be documented by a numerical result. Qualitative tests are to be documented by positive or negative. Those laboratory services requiring descriptive results are to be fully documented. Documentation examples are listed below:

Quantitative tests: WBC -
7,000/mm³

Glucose - 85 mg/100 ml

Qualitative tests: Monoscreen
- positive

Pregnancy test - negative

Descriptive tests:

Urine microscopy - clear, yellow-brown, few wbc, rare
renal epithelial cell

Urine culture - greater than 105/ml E. coli

Use of Rubber Stamps for Physician Documentation (RD)

[Effective Date: January 23, 1992]

A required physician signature for Medicaid purposes may include signatures, written initials, computer entry, or rubber stamp initialed by the physician. However, these methods do not preclude other requirements that are not for Medicaid purposes. For more complete information, see the Physician Manual.

Termination of Provider Participation

The provider participation agreement is time-limited with periodic renewals required. DMAS will request a renewal of the Participation Agreement prior to its expiration.

A participating provider may terminate participation in Medicaid at any time; however, written notification must be provided to DMAS 30 days prior to the effective date. The address is:

DMAS Provider Enrollment Services

PO Box 26803

Richmond, Virginia 23261-6803

DMAS may terminate a provider from participating upon thirty (30) days written notification prior to the effective date. Such action precludes further payment by DMAS for services provided to customers subsequent to the date specified in the termination notice.

1.325(D)." DMAS

In VACSection 32.1-325 (D)3 **The**of the Virginia Administrative Code states that the Director of Medical Assistance Services is authorized to:

3. Refuse to enter into or renew an agreement or contract, or elect to terminate an existing agreement or contract, with any provider who has been convicted of or otherwise pled guilty to a felony, or pursuant to Subparts A, B, and C of 42 C.F.R. Part 1002, and upon notice of such action to

the provider as required by 42 C.F.R. § 1002.212.

Appeals of Provider Termination or Enrollment Denial: A provider has the right to appeal in any case in which a Virginia Medicaid Program provider agreement or contract is terminated or denied pursuant to Virginia Code §32.1-325(D). The provider may appeal the decision in accordance with the Administrative Process Act (Code of Virginia §2.2-4000 et seq.) and the Provider Appeals regulations (Virginia Administrative Code 12 VAC 30-20-500 et seq.). Such a request must be in writing and must be filed with the DMAS Appeals Division **within 15 calendar days** of the receipt of the notice of termination or denial.

Appeals of Adverse Actions

Definitions:

Administrative Dismissal - means:

- 1) A DMAS provider appeal dismissal that requires only the issuance of an informal appeal decision with appeal rights but does not require the submission of a case summary or any further informal appeal proceedings; or
- 2) The dismissal of a member appeal on various grounds, such as lack of a signed authorized representative form or the lack of a final adverse action from the MCO or other DMAS Contractor.

Adverse Action - means the termination, suspension, or reduction in covered benefits or the denial, in whole or in part, of payment for a service.

Adverse Benefit Determination - Pursuant to 42 C.F. R. § 438.400, means, in the case of an MCO, any of the following: (i) The denial or limited authorization of a requested service, including determinations based on the type or level of service, requirements for medical necessity, appropriateness, setting, or effectiveness of a covered benefit; (ii) The reduction, suspension, or termination of a previously authorized service; (iii) The denial, in whole or in part, of payment for a service; (iv) The failure to provide services in a timely manner, as defined by the State; (v) The failure of an MCO to act within the timeframes provided in §438.408(b)(1) and (2) regarding the standard resolution of grievances and appeals; (vi) For a resident of a rural area with only one MCO, the denial of a member's request to exercise his or her right, under §438.52(b)(2)(ii), to obtain services outside the network; (vii) The denial of a member's request to dispute a financial liability, including cost sharing, copayments, premiums, deductibles, coinsurance, and other member financial liabilities. The denial, in whole or in part, of payment for a service solely because the claim does not meet the definition of a "clean claim" at § 447.45(b) is not an adverse benefit determination.

Appeal - means:

- 1) A member appeal is:
 - a. For members enrolled in an MCO, in accordance with 42 C.F.R. § 438.400, defined as a request for review of an MCO's internal appeal decision to uphold the MCO's

adverse benefit determination. For members, an appeal may only be requested after exhaustion of the MCO's one-step internal appeal process. Member appeals to DMAS will be conducted in accordance with regulations at 42 C.F.R.§§ 431 Subpart E and 12 VAC 30-110-10 through 12 VAC 30-110-370; or

- b. For members receiving FFS services, defined as a request for review of a DMAS adverse action or DMAS Contractor's decision to uphold the Contractor's adverse action. If an internal appeal is required by the DMAS Contractor, an appeal to DMAS may only be requested after the Contractor's internal appeal process is exhausted. Member appeals to DMAS will be conducted in accordance with regulations at 42 C.F.R.§§ 431 Subpart E and 12 VAC 30-110-10 through 12 VAC 30-110-370; or
- 2) For services that have already been rendered, a provider appeal is:
- a. A request made by an MCO's provider (in-network or out-of-network) to review the MCO's reconsideration decision in accordance with the statutes and regulations governing the Virginia Medicaid appeal process. After a provider exhausts the MCO's reconsideration process, Virginia Medicaid affords the provider the right to two administrative levels of appeal (informal appeal and formal appeal) in accordance with the Virginia Administrative Process Act at Code of Virginia § 2.2-4000 *et seq.* and Virginia Medicaid's provider appeal regulations at 12 VAC 30-20-500 *et seq.*; or
 - b. For FFS services, a request made by a provider to review DMAS' adverse action or the DMAS Contractor's reconsideration decision in accordance with the statutes and regulations governing the Virginia Medicaid appeal process. If an adverse action requires reconsideration before appealing to DMAS, the provider must exhaust the Contractor's reconsideration process, after which Virginia Medicaid affords the provider the right to two administrative levels of appeal (informal appeal and formal appeal) in accordance with the Virginia Administrative Process Act at Code of Virginia § 2.2-4000 *et seq.* and Virginia Medicaid's provider appeal regulations at 12 VAC 30-20-500 *et seq.*

Internal Appeal - means a request to the MCO or other DMAS Contractor by a member, a member's authorized representative or provider, acting on behalf of the member and with the member's written consent, for review of the MCO's adverse benefit determination or DMAS Contractor's adverse action. The internal appeal is the only level of appeal with the MCO or other DMAS Contractor and must be exhausted by a member or deemed exhausted according to 42 C.F.R. § 438.408(c)(3) before the member may initiate a State fair hearing.

Reconsideration - means a provider's request for review of an adverse action. The MCO's or DMAS Contractor's reconsideration decision is a pre-requisite to a provider filing an appeal to the DMAS Appeals Division.

State Fair Hearing - means the Department's *de novo* evidentiary hearing process for member appeals. Any internal appeal decision rendered by the MCO or DMAS Contractor may be appealed by the member to the Department's Appeals Division. The Department conducts *de novo* evidentiary

hearings in accordance with regulations at 42 C.F.R. § 431 Subpart E and 12 VAC 30-110-10 through 12 VAC 30-110-370.

Transmit - means to send by means of the United States mail, courier or other hand delivery, facsimile, electronic mail, or electronic submission.

MEMBER APPEALS

Information for providers seeking to represent a member in the member's appeal of an adverse benefit determination is located in Chapter III.

PROVIDER APPEALS

Non-State Operated Provider

The following procedures will be available to all non-state operated providers when an adverse action is taken that affords appeal rights to providers.

If the provider chooses to exercise available appeal rights, a request for reconsideration must be submitted if the action involves a DMAS claim under the EAPG payment methodology or involves a ClaimCheck denial. The request for reconsideration and all supporting documentation must be submitted within 30 days of the receipt of written notification of the underpayment, overpayment, and/or denial to the attention of the Program Operations Division at the following address:

Program Operations Division
Department of Medical Assistance Services
600 East Broad Street,
Richmond, Virginia 23219

DMAS will review the documentation submitted and issue a written response to the provider's request for reconsideration. If the adverse decision is upheld, in whole or part, as a result of the reconsideration process, the provider may then appeal that decision to the DMAS Appeals Division, as set forth below.

Internal appeal rights with a managed care organization ("MCO") must also be exhausted prior to appealing to DMAS if the individual is enrolled with DMAS through a Virginia Medicaid MCO.

For services that have been rendered and applicable reconsideration or MCO internal appeal rights have been exhausted, providers have the right to appeal adverse actions to DMAS.

Provider appeals to DMAS will be conducted in accordance with the requirements set forth in the Code of Virginia § 2.2-4000 *et. seq.* and the Virginia Administrative Code 12 VAC 30-20-500 *et. seq.*

Provider appeals to DMAS must be submitted in writing and **within 30 calendar days** of the provider's receipt of the DMAS adverse action or final reconsideration/MCO internal appeal decision.

However, provider appeals of a termination of the DMAS provider agreement that was based on the provider's conviction of a felony must be appealed **within 15 calendar days** of the provider's receipt of the DMAS adverse action. The provider's notice of informal appeal is considered filed when it is date stamped by the DMAS Appeals Division. The notice must identify the issues from the action being appealed. Failure to file a written notice of informal appeal within the prescribed timeframe will result in an administrative dismissal of the appeal.

The appeal must be filed with the DMAS Appeals Division through one of the following methods:

- Through the Appeals Information Management System ("AIMS") at <https://www.dmas.virginia.gov/appeals/>. From there you can fill out an informal appeal request, submit documentation, and follow the process of your appeal.
- Through mail, email, or fax. You can download a Medicaid Provider Appeal Request form at <https://www.dmas.virginia.gov/appeals/>. You can use that form or a letter to file the informal appeal. The appeal request must identify the issues being appealed. The request can be submitted by:
 - o Mail or delivery to: Appeals Division, Department of Medical Assistance Services, 600 E. Broad Street, Richmond, VA 23219;
 - o Email to appeals@dmas.virginia.gov; or
 - o Fax to (804) 452-5454.

The Department of Medical Assistance Services normal business hours are from 8:00 a.m. to 5:00 p.m. Eastern time. Any documentation or correspondence submitted to the DMAS Appeals Division after 5:00 p.m. will be date stamped on the next day the Department is officially open. Any document that is filed with the DMAS Appeals Division after 5:00 p.m. on the deadline date will be untimely.

Any provider appealing a DMAS informal appeal decision must file a written notice of formal appeal with the DMAS Appeals Division **within 30 calendar days** of the provider's receipt of the DMAS informal appeal decision. The notice of formal appeal must identify each adjustment, patient, service date, or other disputed matter that the provider is appealing. Failure to file a written notice of formal appeal within 30 calendar days of receipt of the informal appeal decision will result in dismissal of the appeal. The notice of appeal must be transmitted through the same methods listed above for informal appeals.

The provider may appeal the formal appeal decision to the appropriate circuit court in accordance with the APA at the Code of Virginia § 2.2-4025, *et. seq.* and the Rules of Court.

The provider may not bill the member for covered services that have been provided and subsequently denied by DMAS.

Repayment of Identified Overpayments

Pursuant to § 32.1-325.1 of the *Code of Virginia*, DMAS is required to collect identified overpayments. Repayment must be made upon demand unless a repayment schedule is agreed to by DMAS. When

lump sum cash payment is not made, interest shall be added on the declining balance at the statutory rate, pursuant to the *Code of Virginia*, § 32.1-313.1. Repayment and interest will not apply pending the administrative appeal. Repayment schedules must ensure full repayment within 12 months unless the provider demonstrates, to the satisfaction of DMAS, a financial hardship warranting extended repayment terms.

State-Operated Provider

The following procedures will be available to state-operated providers when DMAS takes adverse action which includes termination or suspension of the provider agreement or denial of payment for services rendered. State-operated provider means a provider of Medicaid services that is enrolled in the Medicaid program and operated by the Commonwealth of Virginia.

A state-operated provider has the right to request a reconsideration of any issue that would be otherwise administratively appealable under the State Plan by a non-state operated provider. This is the sole procedure available to state-operated providers.

The reconsideration process will consist of three phases: an informal review by the Division Director, a further review by the DMAS Agency Director, and a Secretarial review. First, the state-operated provider must submit to the appropriate DMAS Division Director written information specifying the nature of the dispute and the relief sought. This request must be received by DMAS within 30 calendar days after the provider receives a Notice of Program Reimbursement (NPR), notice of proposed action, findings letter, or other DMAS notice giving rise to a dispute. If a reimbursement adjustment is sought, the written information must include the nature of the adjustment sought, the amount of the adjustment sought and the reason(s) for seeking the adjustment. The Division Director or his/her designee will review this information, requesting additional information as necessary. If either party so requests, an informal meeting may be arranged to discuss a resolution.

Any designee shall then recommend to the Division Director whether relief is appropriate in accordance with applicable laws and regulations. The Division Director shall consider any recommendation of his/her designee and render a decision.

The second step permits a state-operated provider to request, within 30 days after receipt of the Division Director's decision, that the DMAS Agency Director or his/her designee review the Decision of the Division Director. The DMAS Agency Director has the authority to take whatever measures he/she deems appropriate to resolve the dispute.

The third step, where the preceding steps do not resolve the dispute to the satisfaction of the state-operated provider, permits the provider to request, within 30 days after receipt of the DMAS Agency Director's Decision, that the DMAS Agency Director refer the matter to the Secretary of Health and Human Resources and any other Cabinet Secretary, as appropriate. Any determination by such Secretary or Secretaries shall be final.

Client Appeals

For client appeals information, see Chapter III of the Provider Manual.

Provider Risk Category Table

Provider Participation Requirements (Renal Dialysis)

Application	Rule Risk Category	App Fee Requirement Yes (Y) or No (N)
