Coverage of Vaccine Counseling Services for EPSDT-Eligible Members

The purpose of this memo is to inform providers that DMAS and all managed care organizations (MCOs): 1) will cover a stand-alone billing code for COVID-19 vaccine counseling services through the last day of the first quarter that begins one year after the last day of the COVID-19 emergency; and 2) affirm coverage of non-COVID-19 vaccine counseling via existing well-child and preventive care billing codes for all full-benefit Medicaid members under 21 years of age. Corresponding changes have been made to the EPSDT Supplement (Supplement B) and Chapter IV of the Physician/Practitioner Manual. This coverage is consistent with Section 9811 of the American Rescue Plan Act of 2021 (ARPA). Further contact information is included at the bottom of this document. For prior memos outlining DMAS COVID-19 vaccination coverage, please visit: https://vamedicaid.dmas.virginia.gov/provider/library.
