Update to the Durable Medical Equipment and Supplies Provider Manual, Appendix B Update

The purpose of this memorandum is to highlight changes and additions the Department of Medical Assistance Services (DMAS) made to Chapter IV and Appendix D of the Durable Medical Equipment and Supplies Manual. Additions were made to the medical car seats section and breast pumps for pregnant and postpartum women section.

If providers are unsure of the appropriate code to use for a particular item, one resource is the DME classification site, which is designed to assist providers with DME coding. Providers can search by different criteria and by brand name. The website can be accessed at <https://www.dmeptac.com/dmecsapp/do/search>.

Please note: Appendix B of the Durable Medical Equipment (DME) and Supplies Provider Manual has been updated and is now available on the DMAS website (www.dmas.virginia.gov). All competitive bid rates are highlighted in blue.
