Pharmacy Procedure For COVID-19 Vaccine

Effective immediately, the Virginia Department of Medical Assistance Services (DMAS) will reimburse pharmacy providers for coronavirus disease 2019 (COVID-19) vaccinations. This policy includes pharmacist-ordered COVID-19 vaccines administered by qualified pharmacists or pharmacist-supervised pharmacy interns or technicians. Vaccinations can be administered to all eligible Virginia Medicaid members meeting criteria for the Vaccine Emergency Use Authorization (EUA)

(<https://www.hhs.gov/about/news/2020/12/11/statement-hhs-dod-on-fda-emergency-use-authorization-covid-19-vaccine-candidate.html>). See the Health and Human Services (HHS) Guidance regarding Public Readiness and Emergency Preparedness (PREP) Act Coverage (<https://www.phe.gov/Preparedness/legal/prepact/Pages/default.aspx>).

Pharmacies must bill the Point of Sale (POS) National Council for Prescription Drug Programs (NCPDP) codes. Pharmacies will NOT be paid dispensing fees for vaccines but will be reimbursed for vaccine administration fees according to Medicare established rates.

NOTE: Immunizations for Dual Medicare and Medicaid members (DUALS) must be billed to Medicare.

Reminders: Pharmacy providers administering COVID-19 vaccinations should communicate the following to Medicaid members receiving the Pfizer or Moderna COVID-19 vaccines (both of which require two doses to complete the series):

- It is preferred that the person receive their second dose of vaccine at the location they received their first dose.
- Administration of the second dose may occur within a 4-day grace period (between days 17-21 for the Pfizer vaccine or days 24-28 for the Moderna vaccine). If vaccine administration occurs after these recommended time periods, please immunize at the earliest opportunity.

Pharmacists are also encouraged to remind their patients that Medicaid covers transportation to medical services under most benefit programs. Members (or providers on behalf of members) who require transportation assistance for their vaccinations, can schedule transportation by calling the appropriate number on this contact list:

Notice of Medicaid MCO Coverage of COVID-19 Vaccine Administration

All DMAS Managed Care Organizations (MCOs) will cover the COVID-19 vaccine at no charge to their members. Please check with each MCO for claim submission specifications.

Changes to the DMAS pharmacy claim-processing system allow COVID-19 vaccination pharmacy claims ordered by pharmacists using their Collaborative Practice Agreements prescriber's NPI and pharmacy's National Provider Identifier (NPI) as the provider. If the pharmacist uses their NPI as the prescriber, a service authorization is required from the Magellan Call Center.

If a pharmacy claim is submitted for a member's second vaccination dose with a National Drug Code (NDC) for a vaccine from a different manufacturer than the manufacturer used with the first dose, the claim will be denied.

PHARMACY "Call Center"

The Magellan pharmacy call center supports all pharmacy claims processing and is available to answer pharmacy questions 7 days a week 24 hours per day at 800-932-6648
