Updates to the Intensive Community Based Support Appendix (Appendix E) of the Mental Health Services Manual

The purpose of this memorandum is to notify providers of changes to the Intensive Community Based Support Appendix (Appendix E) of the Mental Health Services Manual. Appendix E includes service specific requirements for Assertive Community Treatment (ACT).

In addition to clarifications of existing language in Appendix E, the following changes were made:

- Language related to Peer Recovery Support Services was added to be consistent with the Peer Recovery Support Services Supplement.
- Corresponding TMACT scores were removed as providers' fidelity status will be available on the Center for Evidence-Based Partnerships (CEP-VA) at Virginia Commonwealth University (VCU) website: www.ebpfinder.org.

To avoid disruption to claims payment through FFS and the MCOs providers must periodically check the DMAS provider portal, also known as the Provider Services Solution (PRSS), to ensure that the provider's enrollment, contact information, and license information is up to date, for all of the provider's respective service locations. Under federal rules, MCOs and DMAS are prohibited from paying claims to network providers who are not enrolled in PRSS. Additional information is provided on the [MCO Provider Network Resources webpage](#) and includes links to resources, tutorials and contact information to reach Gainwell with any provider enrollment or revalidation related questions. Dental providers should continue to enroll directly through the DMAS Dental Benefits Administrator, DentaQuest.

Managed Care Programs

Cardinal Care Managed Care and Program of All-Inclusive Care for the Elderly (PACE). In order to be reimbursed for services provided to a managed care enrolled individual, providers must follow their respective contract with the managed care plan/PACE provider. The managed care plan may utilize different guidelines than those described for Medicaid fee-for-service individuals.
